

Your one source for creating an *Intelligent Boat*

- ◆ All products are NMEA 2000® certified for reliability you can count on.
- ◆ NMEA 2000® Cables and Connectors. Micro, Mid, Mini sizes available.
- ◆ Navigation sensors including our WSO200 ultrasonic weather station.
- ◆ Monitor all vessel systems and circuits through our analogue to NMEA devices.
- ◆ The most extensive fluid monitoring solutions with our tank level and fluid flow meters.
- ◆ Control all your DC circuits through our MPower line of digital switching.
- ◆ Control your AC circuits with our Octoplex digital switching solution.
- ◆ View all this data in one location through our easy to use User Interface products.

Maretron
Vessel Monitoring & Control

We've got your **back[bone]**.

Maretron products include a full range of scalable network solutions for every size vessel. We are **your ONE source for creating the intelligent boat**—from cables and connectors to complete vessel monitoring and control solutions. **maretron.com**

MConnect

Intelligent Boating, Personalized.

MConnect recognizes over 400 NMEA 2000® parameters displaying your boat's health at a glance.

Truly personalize your setup with endless screen customization.

87 Default Components

Create Bespoke Graphics

Automate Operations

- 1 **GPS / Weather**
GPS Antenna Receiver (GPS200)
Wind & Weather Station (WSO200)
- 2 **Direct Current Relays**
Lighting, Pumps, etc. (DCR100)
- 3 **Switch Indicator Module**
Smoke, CO, Gas, Doors, High Bilge (SIM100)
- 4 **Vessel Monitoring & Control/User Interface Products**
N2KView®, Color Displays (DSM410, DSM570, TSM810C), Black Box Monitor (MBB300C), Alarm Module (ALM100), Web Server (MConnect)
- 5 **MPower® Digital Switching Platform**
DC Load Controller Modules (CLMD12, CLMD16, Bypass Module (CBMD12), Contura® Rocker Digital Switch Module (VMM6), Customizable Keypad (CKM12)
- 6 **NMEA 2000® Gateway and Bridges**
NMEA 2000 to USB (USB100)
NMEA 2000 to Internet Protocol (IPG100)
NMEA 2000 Network Bus Extender (NBE100)
- 7 **Electrical Monitoring**
Shore Power/Generator (ACM100)
Battery/DC Source (DCM100)
Run Indicator (RIM100)
- 8 **Solid State Compass**
(SSC300)
- 9 **Tank Monitoring - Fuel, Water, Waste, Oil, Gasoline**
Fluid Pressure Monitor (FPM100), Tank Level Monitors (TLM100, TLM150), Tank Level Adapter (TLA100)
- 10 **Depth/Speed/Temperature Triducer**
(DST110)
- 11 **General Systems Monitoring/Recording**
4-20mA Current Loop Monitor (CLM100)
Temperature Monitor (TMP100)
NMEA 2000® Vessel Data Recorder (VDR100)
- 12 **Engine Monitoring**
Fuel/Fluid Flow Monitor (FFM100)
J1939 to NMEA 2000® Gateway (J2K100)
- 13 **Rudder Angle Adapter**
(RAA100)
